

AusCycling – Commitments (First 24 Months)

The below summarises some of the commitments that the AusCycling Steering Committee has agreed to commence and establish within the first 24 months from AusCycling's commencement of trading:

Governance

- Establish State Advisory Council (SAC) for each State / Territory from commencement of AusCycling in accordance with the Constitution
- Establish a National Advisory Council (NAC) from commencement of AusCycling in accordance with the Constitution
- Develop a five-year Strategic Plan and set of Strategic Principles for AusCycling at both National and State/Territory levels in-conjunction with SAC's and local management teams
- Develop a five-year Operational Plan to align with the AusCycling five-year Strategic Plan at both National and State/Territory levels in-conjunction with SAC's and local management teams with associated annual budgets
- Establish an office with adequate staff in each State / Territory, upon a club joining AusCycling and provided a pre-existing SSO entity (either BMX / road and track) has transferred assets and liabilities to AusCycling
- Provide a minimum of three FTE staff in all State / Territories (subject to all SSO's approving the transition to AusCycling in the respective jurisdiction)
- Establish an AusCycling Sport Integrity Unit to oversee and provide the new organisation with frameworks, guidance, policies and administration to combat the challenges associated with educating and managing sports integrity
- Consolidate resources across the stakeholder organisations to develop AusCycling resources, policies, handbooks, processes and procedures to directly support Clubs and AusCycling operations
- Establish a strong, recognised and representative brand across all AusCycling offices and locations
- Dedicated Club and Member Services team working across all disciplines and members
- Establish precedent club resources library maintained by Club & Member Services Team

Programs & Initiatives

- Establish a framework to encourage, support and develop a National Bike Education Program to promote, recruit and education young people into cycling
- Establish a National Volunteer database and recognition program that creates a national volunteer network, promotion and engagement conduits for volunteers and recognition of volunteer contributions
- Establish a National diversity and inclusion unit that focuses on the opportunities, access and program develop to expand and grow engagement within cycling for all
- Establish a Pathways pillar to support all discipline junior riders' development and support National athletes who perform outside the current Australian Cycling Team structure
- Consolidate and streamline education programs for skills instruction, coaching and commissaires into one AusCycling unit
